

Bulk Cables & Assemblies

SMPTE Camera Cable

Designed for high - definition cameras, it can multiplex audio & video signals & deliver power.

SDI Video Coax Cable

Delivery Uncompressed Digital Video Signals to support professional video equipment

Video Triax Cable

Offering range from 14 AWG to 22 AWG for flexible or permanent installs.

Tactical Fiber Optic Cable

Re-deployable AV Communications cables rated for harsh conditions & outside plant applications

Microphone Cable

High performance Analog & Digital Cables with shielding, flexibility & star quad options.

Analog Audio Cable

Designed for line level analog audio applications allowing easy stripping and installation

Digital Audio Cable

Small size, low weight & high performance – these cables are ideally suited for modern audio systems

Speaker Cables

Varying AWG cables for professional, commercial, Home, etc. Ultra high purity Oxygen Free Copper (OFC) models

Audio/ Ethernet Snake

Exceptional AV performance & extremely rugged and flexible for outdoor use. Neutrik EtherCon® compatible

HDBase T Cable

Optimal performance in 4K HDBaseT content over 100 meters in a unique, small, sleek design

Commercial HDMI Cable

Locking & unlocking assemblies from 2ft to 100ft for long distance with no reduction in signal quality

CATV Cable

Broadband drop cables. Indoor (CM, CMR, CMP), messenger and burial versions.

50/75 Ohm Coax Cable

Excellent performance across long distances. Reliable signal integrity & exceptional broadcast quality. 3GHz to 12 GHz.

CCTV & Security Cable

The largest, most economical selections of multi-conductor and coaxial products on the market today

RG6/11/59 Cable

Satellite communication, burial, RF, high frequency broadcast and low frequency analog video applications

DVI & VGA Assemblies

Molded AV assemblies: locking HDMI, high-speed HDMI, mini HDMI, micro HDMI, DVI-D, DVI-I and VGA

Cat 5e/6/6a Cable

From legacy IP networks to multi-gigabit applications. Simple bonded pair to 10GSX.

Cat 7/7a Cable

Ultra reliable and future ready cables for your bandwidth intensive applications.

Industrial Ethernet Cable

Designed specifically for the harshest industrial environment with consistent and reliable performance

RS-485 Cable

Ideal for industrial automation with low capacitance and high performance over long distances

RS-232/423/422 Cable

Computer communication and POS cable in a wide variety of configurations with plenum and high temperature versions

Connectors, Adapters & Panels

XLR Connectors

Designed for high - definition cameras, it can multiplex audio & video signals & deliver power.

Neutrik speakON

2, 4 & 8 pole cable connectors, designed to operate in high current, inductive load loud-speaker environment

Phono Jacks / Sockets

Offering range from 14 AWG to 22 AWG for flexible or permanent installs.

BNC connectors

Video connectors for all coax cables. Micro BNC, DIN & HD BNC. 75 and 50 ohms BNC

DIN & micro BNC

Connectors / Assemblies. Male/ female, cable/ panel mount, straight/ right angle, locking/ non-locking

RF - F Connectors

Designed for use with coaxial cables while maintaining proper shielding offered by the coax

IEC Power Connectors

3-pin IEC/EN 60320 compliant with snap-in, front screw and cable mounting. Various configurations & designs

Neutrik PowerCon

Locking 3 conductor equipment AC connector with line, neutral and pre-mating ground contact

Neutrik OpticalCon

Fiber Optic Connection System with robust signal and minimum losses. Well protected with dust cover & sealing cover

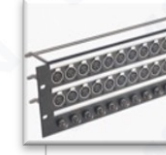

Video Patch Panels

Reliable signal integrity & exceptional broadcast quality. 3GHz to 12 GHz. 1/2 RU. 1/2 x 24/32/48. Ultra 4K HD compliant

Audio Patch Panels

Broadband drop cables. Indoor (CM, CMR, CMP), messenger and burial versions.

Data/RF/Custom Panels

Ethernet RJ45 Panels, BNC Panels, Custom Panels. High strength & quality 1/2 RU panels for professional applications

Ethernet Connectors

Environmentally sealed connectors for heavy-duty and harsh environment of entertainment, PA, LED screens, signs or lighting

Sealed Connectors

Designed for harsh environment. Sealed circular connectors and XLRs.

SMA/B/C Connectors

Connectors & assemblies. High reliability and professional assemblies. Customized models for small quantities.

AV Converters/ Adapters

Audio line matching adapters, transformers, DANTE converters, XLR/phono/BNC/speakon converters

Video Converters

Compact units with exceptional broadcast performance & reliability. SDI / HDMI / Analog

Tools & Accessories

Full line of tools and accessories to support cable and connectivity projects.

AV Breakout Assemblies

D-Sub Connectors and various breakout cables – XLR, Banana, BNC, RCA. Multi channel Audio/Video Snake.

AV Patch Cords

Audio – Bantam, Dual TT Bantam & Longframe. Video – UHD, High Density 3G/12/4K, MicroVideo & Standard

Power Cords

Termination (IEC, India 3 pin top, US 3 pin top, open) and length options. High reliability with quality certifications

Installation Accessories

Power Distribution

Designed for high - definition cameras, it can multiplex audio & video signals & deliver power.

MDUs / PDUs

2, 4 & 8 pole cable connectors, designed to operate in high current, inductive load loud-speaker environment

Changover / Transfer Switch

Offering range from 14 AWG to 22 AWG for flexible or permanent

MIC / Speaker Stands

Video connectors for all coax cables. Micro BNC, DIN & HD BNC. 75 and 50 ohms BNC

Custom Power Panels

Connectors / Assemblies. Male/ female, cable/ panel mount, straight/ right angle, locking/ non-locking

Wallbox / Stagebox

Designed for use with coaxial cables while maintaining proper shielding offered by the coax

Blank 1/2/3 RU panels

3-pin IEC/EN 60320 compliant with snap-in, front screw and cable mounting. Various configurations & designs

Warning Lights

Locking 3 conductor equipment AC connector with line, neutral and pre-mating ground contact

Isolation Transformer

Fiber Optic Connection System with robust signal and minimum losses. Well protected with dust cover & sealing cover

Equalization Transformer

Reliable signal integrity & exceptional broadcast quality. 3GHz to 12 GHz. 1/2 RU. 1/2 x 24/32/48. Ultra 4K HD compliant

Cable Ties

Broadband drop cables. Indoor (CM, CMR, CMP), messenger and burial versions.

Cable Ferrules

Ethernet RJ45 Panels, BNC Panels, Custom Panels. High strength & quality 1/2 RU panels for professional applications
